4 August 1969

MEMORANDUM FOR: [REDACTED]
DDP Training Officer

25X1A

SUBJECT: Coordination of Training Section of
[REDACTED] Historical Paper.

1. Attached is a copy of a draft section of Historical Paper #183 which is concerned with the activities of the ground paramilitary component of the PP, later CA Staff. This section is concerned with the training activities of the component during the period from 15 September 1955 to 31 December 1961.

2. It is emphasized that the section is in no way intended to chronicle the history of the Office of Training in the paramilitary field, and should be read in that context.

3. Any views or comments that you may have on the attached section will be very much appreciated. It is also requested that you coordinate the attached with the proper OTR officers, seeking their views and comments.

4. [REDACTED] who has written the history, is no longer under contract, but is anxious to have the paper in as nearly final form as possible before leaving the area. He will hold himself readily available for discussion on the section, should it be deemed desirable. It would be very much appreciated if you could expedite the coordination with OTR.
